MOPIA coming to Your Town

MOPIA is pleased to again host a series of compliance awareness and consultation workshops across Manitoba beginning in May and into June.

The goal of the sessions is to highlight some of the past years achievements, share regulatory news and the latest on emerging industry technology.

It's also a unique opportunity for our stakeholders (you) to share information or raise issues for us to address as well.

Each of the hour-long sessions will include a complimentary breakfast or lunch for our members. We encourage you to send at least one representative (or more) from your workplace to hear, learn and share.

You will be required to pre-register for any of the sessions by sending an e-mail with your name and location selection or by faxing in the registration form which will be found in your 2010-2011 certification renewal (coming at the end of April/early May) or on-line at www.mopia.ca.

UNEP's 2009 Annual Report

The United Nations Environment Programme's (UNEP) 2009 Annual Report "Seizing the Green Opportunity" has been issued. The Report highlights a variety of central issues including green energy to ozone depletion and climate change. See the full text at:

www.unep.org/pdf/UNEP_2009_ANNUAL_REPORT.pdf

MOPIA Nominated for USA EPA Montreal Protocol Award

MOPIA has been nominated for the United States Environmental Protection Agency (EPA) Montreal Protocol Award for 2010 for our work in introducing our advanced ozone depleting substances and other halocarbons certification training curriculum.

The US EPA began the Awards program in 1990 and has since recognized people, companies, teams and organizations from 54 countries. The Award winners are announced in the fall (2010).

For more information on these distinguished Awards, see: www.epa.gov/ozone/awards/index.html

MOPIA's 16th AGM – March 29

MOPIA's 16th Annual General Meeting (AGM) will be held Monday, March 29, 2010 in Winnipeg. The AGM will begin at 7:15 pm at Red River College (Room A-137, 2055 Notre Dame Ave.)

Our 2008/09 Annual Report will be presented. Our Steward members will also be electing members to our Board of Director's. This will be a Green Meeting, so participants are advised the meeting information and documentation will be presented live on-screen or available by download. You are encouraged to attend and of course, there is no cost to participate.
